

November 2016 Edition

November will be completed in a few hours, meaning our early Bird Pricing will have come to an end; and then we enter the downhill run to Christmas, Christmas parties, summer holidays, and a strong likelihood of sun, Sun and still more SUN. And just barely **4 months** left until the **Showcase!**

Registrations continue to come in, and there is a definite musical flavour to them just recently - no two years quite the same! The Performance Schedule is also filling out nicely, so if you want to use it to showcase your performance activities, get in touch now! As always, first in, first served.

Take a moment for a quick read in between all the preparations for next month, think about what things you need to get done while the Waikato is fairly quiet, and get it all lined up before the **Showcase** is upon us!

Sad News

Our Clubs Community has recently lost Lois Livingston, who passed away early on Sunday 20 November. Our thoughts are with her family, friends and colleagues, who will clearly miss her larger-than-life personality.
